**EXCELLENCE IS
WHAT
DEFINES US**

It is the policy of the state government to encourage medical research and skill training where healthcare professionals from our state are working all around the world with proficiency. There are a lot of people around us with academic brilliance, and it is very essential to utilize their qualities in the healthcare sector. Skill training courses and institutions can do a lot in this regard. I wish this endeavour all the success.

Veena George

Minister for Health
Women and Child Development Government of Kerala

We are proud to be the guiding light for students looking for career-oriented courses. The introduction of advanced courses that offer job opportunities has been our goal since inception. We have inducted state-of-the-art systems and academic methods to ensure an enhanced standard of coaching. To strengthen and equip our students to compete in the ever-challenging global arena.

India has been aiming to become a fully digitized country for years. Implementation of advanced technological systems has been in progress at a full-fledged rate. The healthcare sector has been witnessing a paradigm shift consequently. Our goal has been to make the youth of our country capable enough to join this highly demanding field.
